

# Application for an Individualized Major (B.A.S. Degree)

SCHOOL OF ENGINEERING AND APPLIED SCIENCE

University of Pennsylvania

Students must apply for the Individualized major in accordance with the following parameters:

1. The earliest time to apply is the spring of the sophomore year, for junior year entry.
2. You must have a minimum 3.3 cumulative GPA.
3. You must complete requirements of the first two years of a BSE or named BAS curriculum, specifically, the first two years of the Math, Science, and Engineering requirements.
4. The title of you proposed Individualized Major may not contain the word “engineering” and should avoid any possible confusion with any named BSE or BAS program.
5. You must complete an electronic CPG through Penn InTouch, in PLAN mode. Please enter your proposed courses in all categories, especially under the “Engineering” and the “Technical Electives” categories. Submit a printout of this worksheet with this application.
6. A SEAS Faculty member must agree to serve as your Faculty Mentor (advisor) and sponsor your application, indicating his/her willingness to serve as the Advisor for your work in the Individualized Major, including the Applied Senior Project (EAS 499).

Return this form and a printout of your completed electronic CPG to the SEAS Research and Academic Services (RAS) Office, in Towne 109.
