

Undergraduate and Graduate Course Planning Form for Accelerated Master's Degree Application

Use this course planning form to list all courses in your undergraduate program. Please **do not** list graduate level classes that are counting towards only the Master's program (those go on page 3). For single degree students, the Engineering undergraduate degree must be completed in eight (8) semesters. Students pursuing a coordinated dual degree program must complete their SEAS Undergraduate degree in ten (10) semesters. Full rules and requirements can be found [here](#).

The three double counted courses to fulfill both the undergraduate and graduate degree requirements are to be listed on both the undergraduate and graduate plans. Please list the courses to be double counted between the Undergraduate and Graduate degrees. These courses must also show in the above plan. *Check with your home school if it is not Engineering to see if this is acceptable per their rules.* (If you have previously taken a 4XX level cross-listed course and want to double-count it for your master's degree, you must obtain the course instructor's signature, signifying that its content is identical to the 5XX level.)

Courses to be double counted: _____ Instructor signature if needed _____

Please use this form to list the courses you are proposing for the Master's degree including the double counted courses (if applicable to your home undergraduate school).

- The below courses will be reviewed by the program you wish to matriculate into as your proposed plan. If offered admission, any deviations from this plan will need program approval.
- Only 4XXX/5XXX cross-listed courses taken at the 4XXX level prior to matriculation into the Master's can count as a double counted course. All courses listed below must be at the 5XXX level or above to count towards the Master's degree.
- Please only list the course ID in the boxes below, not the course name. Example: 'CIT 5910-001,' or 'CIT 5910.'
